

## **Project Acronym: DIANA**

***Full title:** Detection and Integrated Assessment of Non-authorized water  
Abstractions using EO*

***Funding instrument:** H2020*

***Topic:** EO-1-2016 Downstream applications*

***Coordinator:** AgroApps PC*

***Beneficiaries:** 9; GR, ES, IT, RO, BE, PR*

***EU contribution:** 1.937.890,63*

***Start date:** 01.01.2017*

***End date:** 31.12.2019*

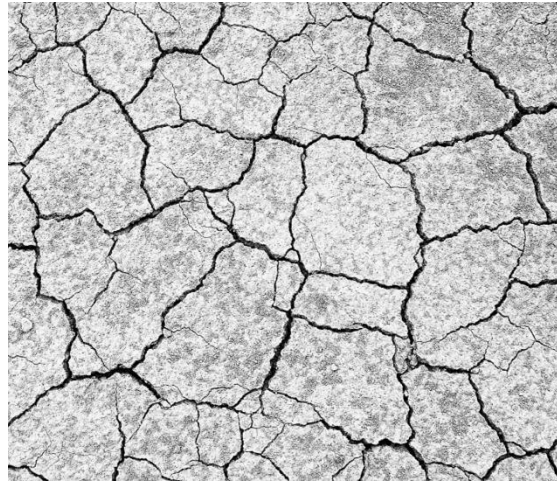

***Duration:** 36M*

***Contact point for the ICT4Water cluster:** [dperperidou@agroapps.gr](mailto:dperperidou@agroapps.gr)*

## Irrigation: a major cause of water abuse

**182 billion m<sup>3</sup> water  
extracted every in  
Europe**

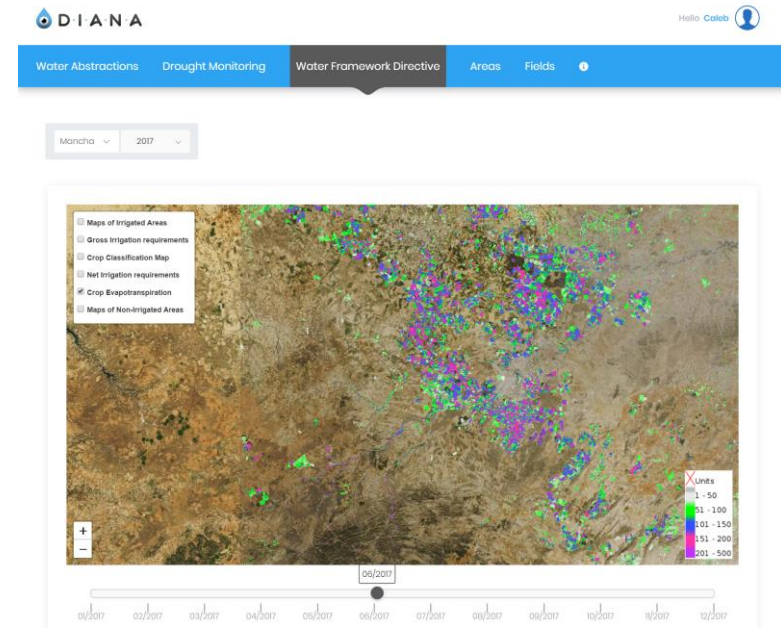

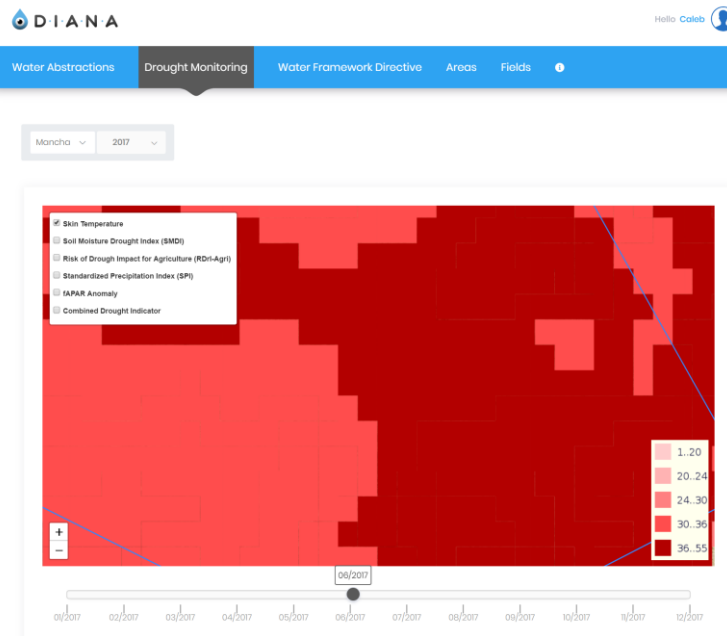

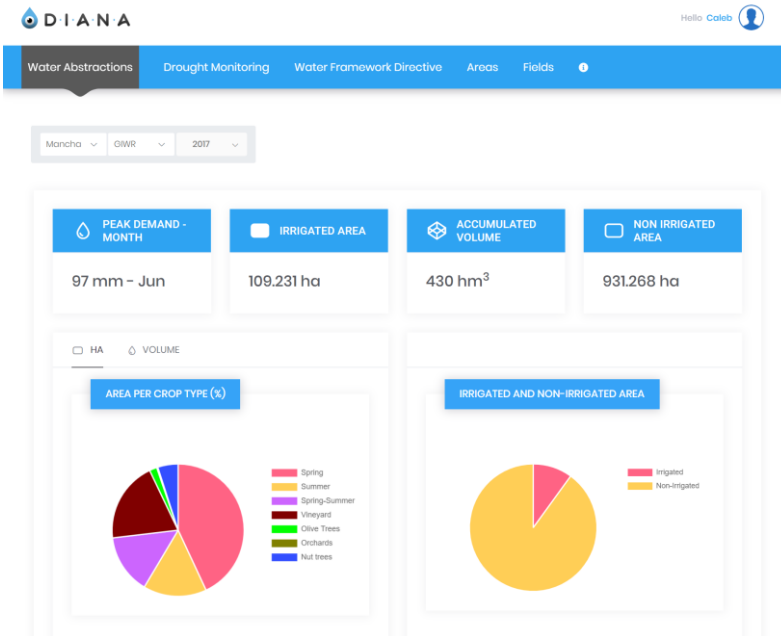

**Scarcity of water  
resources and  
droughts**

**Field inspections are  
time-consuming and  
costly**

# DIANA: a commercial service platform

Non-authorized water abstraction detection and monitoring;

Drought monitoring and forecasting;

Support for the monitoring of the WFD;

## Always looking for...

- **Dissemination opportunities;**
- **Exploitation opportunities;**
  - **Market uptake;**
- **Collaborations for enhancing  
DIANA platform;**
